

Increase Your Reimbursement Rehab Therapy Time System

- Records HCPC-coded therapies.
- Handles automatic exceptions for Outpatient Therapy Caps.
- Analyzes therapy for all look-back days to find *optimum MDS start date* to maximize reimbursement.
- Imports therapy time into the MDS.
- Finds discrepancies between the MDS and recorded therapy time.
- Warns therapist if procedures are recorded after MDS is complete.
- Prints Therapy Documentation Records for therapist signatures.
- Interfaces with Resident Billing to create charge records.
